---

Dr. Renée Petri has recently started her position with Agriculture and Agri-Food Canada as a research scientist in Dairy rumen and gut microbiome, in Sherbrooke. Originally from Alberta, Dr. Petri holds a PhD. in Ruminant Nutritional Microbiology from the University of Saskatchewan. Over the last 4 years, Renée has led the Feed-Gut Microbiome research group as a senior scientist in the Livestock Gut Health Cluster at the University of Veterinary Medicine, in Vienna, Austria. Her research group has focused on the feed-microbe-host interactions associated with feed management, sustainability, and gut health in dairy cattle.
